

HWC Custom Cabinetry Wins 2014 Wood Diamond Award

The Cabinet Makers Association (CMA) recently announced this year's Wood Diamond Award winners, and local company HWC Custom Cabinetry was among the victors, ranking highest in the category showcasing kitchen designs over \$25,000. "With over 50 projects and the CMA members behind them being recognized for their extraordinary talents, it's both humbling and inspiring to see the levels of style and execution from this group of world-class shops," Dave Grulke, CMA Executive Director, said of the winning companies. Congratulations, HWC!

Amerisips Homes' Winning Project

Amerisips Homes Selected for Two Awards

Amerisips Homes is a Zero Energy Ready Home Partner of the Department of Energy, meaning their homes are rated for performance in six categories. Due to that partnership and Amerisips's dedication to quality, the company was recently named a Housing Innovation Award winner for energy efficiency and indoor air quality in the custom-home bracket. Curious about the winning project? A John's Island bungalow with an estimated energy cost of 312 dollars annually. In addition, Amerisips also recently won a national US Green Building Council "Best of Building" Award in the Small Contractor category.

An Aqua Blue Pools Local Project Receives Top Honors from Master Pools Guild

The Master Pools Guild, an international organization for custom swimming pool contractors and designers, gave the Mixson Bath and Racquet Club swimming pool one of the highest honors it can receive—a gold-level distinction. The 3,200-square-foot heated, saltwater pool—located in the up-and-coming Park Circle community—was built by Aqua Blue Pools, a seven-time Master Pools Guild winner this year alone.
